PROJECT DIVISION

Company Overview

Logistics Plus Inc. (LP) provides freight transportation, warehousing, global logistics, and supply chain management solutions through a worldwide network of talented and caring professionals.

Founded in Erie, Pennsylvania over 21 years ago, Logistics Plus is a fast-growing, award-winning transportation and logistics company. In recent years, *Transport Topics* magazine named us a **top freight brokerage firm**, *SupplyChainBrain* magazine named us a **Great Supply Chain Partner**, and Supply & Demand Chain Executive magazine has recognized us twice as managing a **top 100 supply chain project**. With over 50 offices in more than 20 countries around the world, our 450+ employees put the “**plus**” in logistics by doing the big things properly, and the countless little things, that together ensure complete customer satisfaction and success.

GE Transportation, our very first partner, tops a list of loyal customers that span a variety of industries, including energy, manufacturing, assembly, heavy industrial, food, wholesale, retail, technology, and many others. Logistics Plus offers a breadth of simple, reliable, and affordable services, including less-than-truckload (LTL), truckload, expedited freight, air and ocean freight forwarding, warehousing and distribution, project cargo, import/export, customs brokerage, and global trade compliance. Working as your 3PL or 4PL partner, **we're the company that handles supply chain challenges from start-to-finish** by doing what other logistics companies can't or won't do.

LOGISTICS+
"Passion for Excellence"

Project Logistics

You can trust Logistics Plus to handle your global cargo projects. We handle freight that the “the other guys” can’t or won’t, and we manage your project from start-to-finish.

Your logistics plan will be customized for your unique project needs—from a comprehensive, pre-shipment evaluation of potential risks, costs and delivery schedules, to route and port surveys, coordination of proper packaging of components, required documentation handling, and transportation mode analysis. Every shipment is coordinated with tailored plans, and even the most demanding projects are executed with care and precision. However challenging the geography, however complex the lift, our project cargo experts work closely with engineers and contractors to ensure that every project is planned, delivered and completed on-time and to exact specifications.

Logistics Plus project cargo services include:

- HEPP, TPP, WPP services
- Over dimensional and heavy lift cargo
- OOG transportation
- Crane services
- Warehousing and crating
- Air and ocean charter
- Intermodal transportation
- Cross trade
- Fulfillment
- Vendor management
- On-site delivery schedules
- Consulting
- Quality control

PORTAL DIVISION TURKEY

Industry Solutions

Logistics Plus offers specialized supply chain solutions tailored to the operations, logistics and market demands of your specific industry or market segment.

Driven by global demands for products and materials, Logistics Plus helps you reliably deliver your cargo across the country or around the world. Our 21 years of project cargo experience has seen us transport locomotives to Indonesia; import solar modules to the largest solar farm in the U.S.; ship wind turbines to numerous European countries; haul tugboats to Kuwait; coordinate Chinook helicopter shipments to India; move liquid national gas tanks to Brazil; and hundreds of other unique projects across a variety of industries and locations!

Logistics Plus provides project cargo expertise to many industries:

- Automotive & Transportation
- Aerospace & Aviation
- Chemicals & Refining
- Energy, Oil & Gas
- Government Contracts
- Manufacturing & Engineering
- Pharmaceuticals & Healthcare
- Retail & Distribution
- Solar & Wind Power
