Logistics Plus Inc.

I am happy to share that the Pennsylvania House of Representatives passed the HR329 which declares June 28, 2019 to be "National Logistics Day" in Pennsylvania.

This resolution highlights the Commonwealth's appreciation for the men and woman who work in the logistics industry across Pennsylvania, which plays a critical part in national, state, and global economies. Whether it is delivering raw products to a manufacturer, finished products to a retailer or a consumer getting a product delivered to their door, logistics are critical to society.

It is our hope that this day honoring your profession will give people all over Pennsylvania the means to say thank you for making our lives so much easier.

Please know that if you ever need information or service from me or my office, I stand ready to assist you in any way I can.

Sincerely,

A handwritten signature in black ink that reads "R. A. Bizarro".

Ryan A. Bizarro
