

Global Trade Compliance Introduction

August 1, 2019

Dear Logistics Professional:

My name is Adam Mook and I am the Director of Global Trade Compliance at Logistics Plus Inc. If you are unfamiliar with Logistics Plus, we are a leading worldwide provider of transportation, warehousing, fulfillment, global logistics, business intelligence, technology, and supply chain solutions. Erie, Pennsylvania is home to our global headquarters, with other office locations throughout the U.S. and around the world. For a complete overview of Logistics Plus, please visit our website:

www.Logisticsplus.net

Global Trade Compliance continues to be an integral part of our customers' import/export business activities. In turn, the services that Logistics Plus offers related to international trade compliance have become a large segment of our service offering portfolio. Our Global Trade Compliance division consists of 12 team members, 5 of which are U.S. Licensed Customs Brokers.

A lot has happened in the world of global trade in just this past year. July 6th is the one year anniversary of the Section 301 China Tariffs. U.S. Customs and Border Protection (CBP) is inspecting more shipping containers at U.S. ports of entry and issuing more CF28/CF29 requests to importers than ever before. Correct HTS code classification is being heavily scrutinized among Customs Authorities in countries worldwide. On the export side, U.S. government agencies with jurisdiction over exports continue to enforce the law and administer penalties for illegal export activities every day.

Please take a moment to review the following information regarding our **Employee Training and Educational Seminars** services. Please feel free to share this information with your colleagues and business partners. If your organization is interested in learning more about all of our Global Trade Compliance solutions, you may contact me directly at any time. My team and I look forward to working with your company in an effort to ensure international trade compliance within your organization.

Sincerely,

Adam Mook

Workforce Training

DO YOUR EMPLOYEES NEED IMPORT/EXPORT TRAINING?

Logistics Plus offers a variety of courses, all of which can be tailored specific to your companies needs. Many of our programs also qualify for continuing education unit credits and workforce training grants. Our training programs are designed to be offered on-site at our clients locations, on-line, or in public settings.

Workforce Training

We're here to help you succeed!

Workforce Training

Service Offered: Employee Training and Educational Seminars for your company's workforce that are directly involved in import and export job related functions.

Why is this Important?: International trade laws/regulations and procedural trends are constantly being updated in today's fast-paced global shipping industry. It is often challenging for a company to maintain and provide current employee training. Logistics Plus offers private in-house workforce trainings tailored to your company's respective import/export activities. We also host or present at a number of public seminar forums across the U.S.

How Can We Help?: We offer seminars and private training on the following core topics:

- Bureau of Industry and Security (BIS) - Export Administration Regulations (EAR)
- Directorate of Defense Trade Controls (DDTC) – International Traffic in Arms Regulations (ITAR)
- Export Management Compliance Program (EMCP) Development
- NAFTA and Other Free Trade Agreement Compliance
- Establishing and Operating a Foreign Trade Zone (FTZ)
- Product Classification Under the Harmonized System
- Export Procedures and Documentation
- Import Procedures and Documentation
- Incoterms ®
- Establishing a Duty Drawback Program

How Much Does This Service Cost?: Pricing for private on-site training at your company location can either be quoted as a per attendee rate or flat seminar rate. We also charge for the presenter's travel expense reimbursement at cost. Many of our training programs are eligible for continuing education credits across a variety of industry organizations. Our training program fees are also eligible for economic development workforce training grant reimbursement in several states across the U.S. Contact us today to discuss eligibility and application requirements in your state.

What is the First Step?: Contact Adam Mook, Compliance Department Manager, at adam.mook@logisticsplus.net or 814-464-1722 to discuss the employee training needs of your organization.

Across the country to around the world, we manage logistics from start until finish!
