

Health & Safety Policy Statement

Logistics Plus® aspires to be a leader in health and safety best practice within the transportation industry by promoting a positive health and safety culture.

Our Values

Logistics Plus, Inc. aspires to be a leader in health and safety best practice within the transportation industry by promoting a positive health and safety culture for the benefit of all our stakeholders in every aspect of our operations.

Our Commitment

Logistics Plus, Inc. is committed to creating and maintaining an environment where people can work safely. As a global transport operator, Logistics Plus, Inc. is committed to managing its operations in a way that complies with all relevant health and safety legislation and standards. We will provide adequate resources and establish measurable objectives and targets to maintain and continually improve our health and safety performance.

Our Objectives

Logistics Plus, Inc. will continuously develop, maintain and improve management arrangements to effectively organize, plan, control and monitor health and safety risks. In line with sound business practice, we will:

- + Develop and maintain management systems that establish responsibilities, targets, monitoring methods and a review process of health and safety performance.
- + Conduct suitable and sufficient assessments of health and safety risks and implement appropriate risk control measures.
- + Provide professional and competent health and safety resources to assist in meeting the company health and safety objectives and provide adequate arrangements for consultation and communication on health and safety matters to create a positive culture.
- + Provide health and safety information, instruction and training and where required job specific training for employees on health and safety issues.
- + Provide and maintain safe and healthy workplaces including adequate welfare facilities and provide and maintain work equipment that is safe and does not create health risks.
- + Safely handle, store and transport hazardous substances.
- + Report and investigate all workplace (and road traffic) accidents and implement appropriate corrective and preventive action.
- + Consider health and safety aspects in investment and procurement decisions.

Health & Safety Policy Statement

Logistics Plus® aspires to be a leader in health and safety best practice within the transportation industry by promoting a positive health and safety culture.

Our Objectives (Continued)

- + Encourage suppliers and contractors to introduce programs that support our health and safety objectives and targets where their activities have a significant risk.
- + Consider and respect our stakeholders when managing our health and safety activities.
- + Support innovation in health and safety performance with the involvement of our stakeholders.
- + Logistics Plus, Inc. Health & Safety Policies/Programs include, but are not limited to:
 - Injury and Illness Prevention Program
 - Hazard Assessment/Correction
 - Accident/Incident Reporting/Investigation
 - Employee Safety Training Program
 - Fall Protection Program
 - Written Hazard Communication Program
 - Forklift Safety Program
 - Emergency Action Plans
 - Fire Prevention Plans
 - Bloodborne Pathogen Program
 - Worksite Safety Meetings and Committees
- Responsibilities of all employees relating to this policy are detailed in the health and safety management system.

Policy Control and Review

Copies of this policy will be displayed at all Logistics Plus, Inc. locations, communicated to every employee and be available to all other interested parties.

The Logistics Plus, Inc. Health and Safety Management System will be audited, reviewed annually and revised taking into consideration changes in legislation and/or company requirements.
