COVERING YOUR SUPPLY CHAIN

We are **LARGE** and **COMPREHENSIVE** enough to satisfy any link in your North American or Global supply chain ...

But we are still **FLAT**, **NIMBLE** and **RESPONSIVE** to your specific logistics challenges.

U.S. CUSTOMS BROKERAGE

Logistics Plus Customs Broker Solutions can help you work with U.S. Customs and Border Protections to properly have your products clear customs and enter the United States legally. Our licensed customs brokers understand that import regulations and tariff rates are seemingly changing on a daily basis. We offer remote location filings (RLF) for any port.

Benefits Include:

- One consistent point of contact
- Reduced overall clearance process time
- Simplified customs record keeping
- Improved compliance with customs requirements
- Reduced customs entry transaction fees
- More consistent cargo processing
- Reduced communication costs

If you import or export, you already know that international trade is a complex maze of rules, regulations, multiple currencies, and diverse cultures. Logistics Plus can manage your firms import and export compliance activities as an outsourced strategic third-party. No matter the origin or destination of your goods, we help you gain the knowledge to perform the due diligence necessary to ensure your shipments meet international regulations.

Benefits Include:

- Consistent, uniform entry processing and expedited clearance
- Develop accurate data by utilizing compliance assistance for imports
- Enhanced global visibility via eWorldPlus™
- Develop standard operating procedures and business practices
- Minimize costly delays with cargo examination coordination

HTS CODE CLASSIFICATION

Improper HTS code classification can result in fines and penalties imposed by the U.S. Customs and Border Protection (CBP). Logistics Plus has a staff of licensed customs brokers that can help you classify correct HTS codes for your products. Whether your company has 5 unique products or 50,000 unique products, Logistics Plus will ensure that all of your HTS codes are properly classified.

HTS Classifications Determine:

- Admissibility into customs territory
- Duties owed
- Quotas and content requirements
- Special trade program eligibility
- Anti-dumping and countervailing duties
- Product based import sanctions
- Other government agency requirements

EMPLOYEE TRAINING SEMINARS

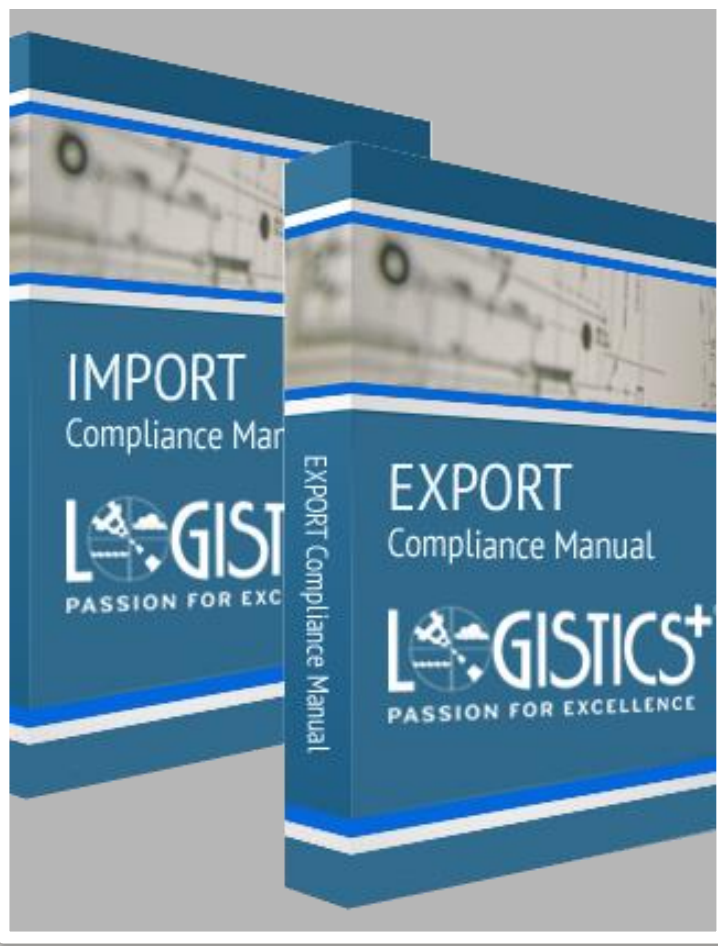

Logistics Plus offers a variety of in-house employee training and educational seminars for global trade compliance. These programs can be tailored to your exact company needs, and many even qualify for continue education unit credits and workforce training grants. Our training programs are designed to be offered on-site at our clients locations, online, or in a public setting.

Training Seminar Core Topics:

- 🌐 Bureau of Industry and Security (BIS)
- 🌐 Export Administration Regulations (EAR)
- 🌐 International Traffic in Arms Regulations (ITAR)
- 🌐 Export Management Compliance Program (EMCP)
- 🌐 NAFTA & Other Free Trade Agreements
- 🌐 Foreign Trade Zones (FTZ)
- 🌐 Product classification under the harmonized system
- 🌐 Import & export procedures and documentation
- 🌐 Establishing a duty drawback program
- 🌐 Incoterms®

IMPORT & EXPORT MANUALS

Logistics Plus develops and customizes import and export manuals for our clients. The manuals include work instructions, flowcharts, self-assessment tools and more. Each manual is tailored to your products, services, and logistics activities while serving as a “playbook” for all departments involved with import or export activities. From purchase orders to customs declarations, our customized manuals will help your business succeed.

Manual creation process:

1. Initial company visit
2. On-going interviews with personnel
3. Review of import and export departments and activities
4. Thorough review of the company’s products
