

Logistics Plus – RIO Partnership

Logistics Plus® is proud to partner with Restoring Integrity To The Oceans (RIO) to support ocean cleanup initiatives.

Our Values:

- + Logistics Plus Inc., a SmartWay Transport® Partner, aspires to be a leader in environmental best practice within the transportation industry by promoting a positive environmental culture for the benefit of current and future generations.

RIO's Mission:

- + Restoring Integrity To The Oceans (RIO) primary objective is to mitigate the amount of plastic going into the World's oceans and work to significantly reduce and remove the plastic waste in the oceans major collection areas. The primary effort for RIO is preventing the introduction of and reclaiming plastic materials from the ocean, which is accomplished through innovative techniques that vary based on the size and concentration of the plastic waste material encountered.

Our Support:

- + Through its partnership with RIO, Logistics Plus will assist with all aspects of supply chain management. This includes transportation of the plastic debris collected, international regulation assistance, cross-border trading, and navigation of customs and global trade compliance. Logistics Plus is committed to using its global network of customers and partners to connect RIO with people who support its mission of restoring integrity to the World's oceans.
- + Logistics Plus purchased 1,200 recycled pallets from RIO that are made from plastic waste. From just this one purchase order, 13,200 pounds of trash was removed from the oceans.
- + "Removing plastic waste from the oceans for recycling requires solid logistics and transportation management, and Logistics Plus is proud to be doing its part to help with this commendable initiative." -Yuri Ostapyak, Chief Operating Officer for Logistics Plus.
