

# Let's Rebuild Ukraine Together

Logistics Plus® has offices all around the world, including in Ivano-Frankivsk, Kyiv, and Odesa, Ukraine – all committed to supporting and rebuilding the country.

## Logistics Plus Ukraine

Logistics Plus recently acquired Concord-Trans, a Ukrainian-based freight forwarding and logistics company. Located in Ukraine's capital city, Kyiv, with a second office in Odesa, the purchase includes nearly a dozen in-country logistics professionals specializing in:

- Ground freight
- Airfreight
- Ocean freight
- Customs clearance
- Project cargo management

Before the acquisition of Concord-Trans, Logistics Plus already had a significant presence in Ukraine, with an office of nearly fifty people located in Ivano-Frankivsk, a city of about 240,000 people in the western portion of that country. Earlier this year, Logistics Plus established [lpukrainerelief.com](http://lpukrainerelief.com), which has raised over \$660 thousand to help Ukrainian refugees. The company has also been actively working with local organizations to warehouse and transport multiple containers of relief goods to the region.

## Global Supply Chain Management Expertise
