

Drayage & Port Services

Logistics Plus® is a leading provider of drayage and port services, including container pickup and delivery, transloading, cross-docking, and more.

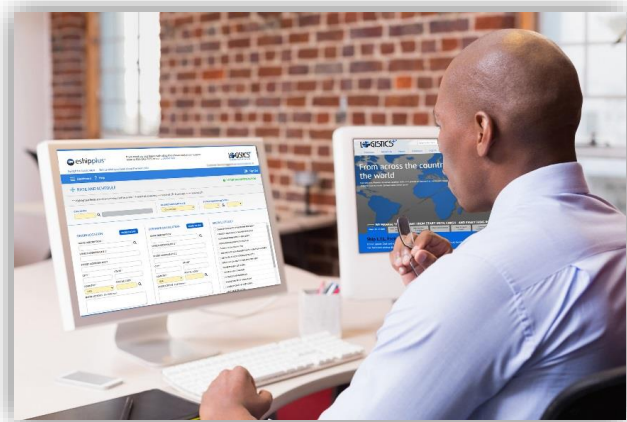

Drayage & Port Services

Transport Topics magazine, has named Logistics Plus a top freight brokerage firm for the past five years running.

- Inbound and outbound drayage transportation for all major U.S. ports
- Container diversion, intermodal, and transloading solutions
- Specialized equipment, such as flat racks, open tops, etc.
- FCL/LCL delivery and distribution
- LCL pickups at all container freight stations
- LTL or truckload services into and out of all port cities
- Warehousing and distribution solutions

**Our North American Services Are
Powered by eShipPlus™**

Cost-Effective Solutions

With Logistics Plus drayage and port services, you get an experienced, reliable partner well-versed in domestic freight shipping and the special requirements of each port location. Additionally, we can help you reduce transit time and total cost with our capabilities for transloading and sorting by destination – with final delivery using our own trucks or our comprehensive LTL and truckload network. Additionally, we can support your warehousing needs across North America.

Customer Benefits

- Competitive pricing (Strong relationships with carriers at every major port to provide exceptional service)
- Track and trace (Constant communication with carriers for accurate container tracking)
- Customer advocating (We work as an extension of your company to ensure fast and cost-effective services)
- Business intelligence reporting (Allows for precise visibility on our client's booked loads, finances, etc.)
