

Let's Rebuild Ukraine Together

Logistics Plus® has offices all around the world, including in Ivano-Frankivsk, Kyiv, and Odesa, Ukraine – all committed to supporting and rebuilding the country.

Logistics Plus Ukraine

Logistics Plus recently acquired Concord-Trans, a Ukrainian-based freight forwarding and logistics company. Located in Ukraine's capital city, Kyiv, with a second office in Odesa, the purchase includes nearly a dozen in-country logistics professionals specializing in:

- Ground freight
- Airfreight
- Ocean freight
- Warehousing
- Customs clearance
- Project cargo management
- Learn more at ua.logisticsplus.com

Before the acquisition of Concord-Trans, Logistics Plus already had a significant presence in Ukraine, with an office of nearly fifty people located in Ivano-Frankivsk, a city of about 240,000 people in the western portion of that country. Earlier this year, Logistics Plus established lpukrainerelief.com, which raised over \$1 million of total support for Ukraine. The company has also been actively working with local organizations to warehouse and transport multiple containers of relief goods to the region.

Global Supply Chain Management Expertise

Logistics Plus, Inc. is a *21st Century Logistics Company*™ and leading worldwide provider of transportation, warehousing, fulfillment, global logistics, business intelligence, technology, and supply chain solutions. With offices in 45+ countries, including Poland, Germany, and Ukraine, we are well positioned to support rebuilding efforts.

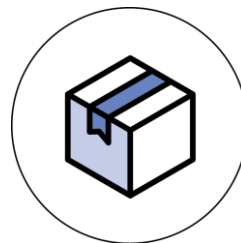

Since February 24th, 2022, Logistics Plus has been successful in delivering both air and ocean freight into Ukraine (humanitarian aid & regular cargo). Logistics Plus works with multiple partners who helped develop this lane and make it efficient.
