PROJECT DIVISION

Solutions Overview

The Logistics Plus Marine Projects Logistics team provides complete solutions for the entire Maritime and Shipyard Industry.

A couple of our recent logistics projects include:

- Transporting a 6.5 meter high RRM Vertical Fuel Tank from Norway to Istanbul
- Moving 29 meters long, 23 meters wide, 16 meters high and each 1,014 metric tons, 4 x LNG Vessel Gas Tanks from Ulsan to Portland, Oregon

The Logistics Plus Marine Projects Logistics team will plan, manage and undertake special logistics projects of any scale from start to finish. However challenging the geography, however complex the lift, our Marine Projects Logistics team works closely with our engineering and contractor customers to ensure that every project is planned, delivered and completed on time and to exact specifications.
