

FOR IMMEDIATE RELEASE

Logistics Plus Recognized with Another Top Supply Chain Project Award

It's the fifth straight year and the seventh time that Supply & Demand Chain Executive has recognized Logistics Plus for a top supply chain project.

ERIE, PA (June 21, 2023) – Logistics Plus, Inc. (LP), a leading worldwide provider of transportation, logistics, and supply chain solutions, is proud to announce it has been selected by *Supply & Demand Chain Executive*, an industry-leading publication covering the entire global supply chain, as a recipient of a [Top Supply Chain Projects Award for 2023](#). This is the fifth consecutive year that Logistics Plus has been honored for managing a top supply chain project and the seventh time in the past eight years.

The annual Top Supply Chain Projects Award spotlights successful and innovative transformation projects that deliver bottom-line value to small, medium, and large enterprises across various supply chain functions. These projects show how supply chain solution and service providers help their customers and clients achieve supply chain excellence and prepare their supply chains for success.

The supply chain project submitted by Logistics Plus that earned this year's recognition involved the development of a custom TMS solution bundled with complete multi-mode freight management, freight audit, and freight payment services. [The case study can be viewed on the Logistics Plus website](#).

"This project is a great showcase for our technology solutions," said [Jim Berlin](#), Founder and CEO of Logistics Plus. "Today, information technology and business intelligence are just as important as moving

freight for supply chain managers looking to increase shipment visibility and reduce costs. Thank you to Supply & Demand Chain Executive for recognizing us, once again, with a top supply chain award."
