Wheel Keep It Safe: On-Demand Storage for a Luxury Sports Car Manufacturer

THE STORY

When a high-profile luxury sports car manufacturer needed urgent indoor storage for a fleet of fifteen exotic vehicles, they called Logistics Plus. Within one week, the Logistics Plus team raced to receive and store all fifteen vehicles at its 1.1 million-square-foot climate-controlled facility in Phoenix, Arizona.

THE HIGHLIGHTS

- Being held at the port and exposed to the outdoor elements, the sports car manufacturer required immediate action to protect these high-value vehicles while ensuring full compliance with U.S. Customs and Border Protection (CBP) regulations.
- Logistics Plus received the exotic vehicles and provided indoor protection to shield the cars from weather exposure and environmental risks.
- Logistics Plus increased its bonded footprint at its Phoenix, Arizona facility to accommodate the high-value inventory.
- Logistics Plus worked closely with CBP to steer clear of any issues and ensure compliance with all customs requirements, including seamless customs clearance and storage.
- Through rapid execution and meticulous coordination, Logistics Plus delivered a secure, climate-controlled, and fully compliant storage solution in record time, comparable to the speed of a Lamborghini.
