

FOR IMMEDIATE RELEASE

Logistics Plus Renews Its U.S. EPA SmartWay® Partnership for a 15th Year

Logistics Plus ranks among the top SmartWay Partners in carbon emissions per mile.

ERIE, PA (September 23, 2024) – Logistics Plus, Inc., a global leader in transportation, logistics, and supply chain solutions, is proud to announce that, for a fifteenth straight year, it has submitted and received approval for its current data submission to the [SmartWay Partnership](#), an innovative collaboration between the U.S. Environmental Protection Agency (EPA) and the industry.

Since 2004, SmartWay has helped its 4,000+ partners save 397 million barrels of oil- equivalent to eliminating annual electricity use in over 26 million homes. By helping America's freight industry reduce its dependence on foreign fuel, we can invest more dollars at home and reduce our national trade deficit. Based on the most current [2023 rankings](#), Logistics Plus ranks among the top partners for the lowest CO2 emissions per mile among the 4,531 active SmartWay partners.

About SmartWay

SmartWay is a market-driven initiative that empowers businesses to move freight in the cleanest, most energy-efficient way possible. It provides shippers and carriers with the tools and support they need to track, document, and share information about transport modes, equipment, and operational strategies that can reduce fuel use and emissions across the supply chain. For information about the SmartWay, visit www.epa.gov/smartway.
