

Supply Chain Success Story!

Suite Success: Delivering Luxury

THE STORY

As part of the Tower Wing renovation at the historic [Moana Surfrider](#) in Waikiki, Hawaii, a hospitality client required the coordinated delivery of Furniture, Fixtures & Equipment (FF&E) for the property's premier Penthouse Ocean accommodations. The project involved transporting furnishings and fixtures needed to transform the resort's most spacious guest rooms into modern beach residences featuring custom amenities and luxury finishes.

Leveraging its expertise in hospitality and project logistics, the [Logistics Plus Hawaii](#) team coordinated the movement and delivery of FF&E materials, helping ensure the renovation remained on schedule and supporting the successful completion of the resort's elevated guest experience.

THE HIGHLIGHTS

- **Luxury Hospitality Logistics:** Managed the transportation and delivery of FF&E materials supporting the renovation of the Moana Surfrider's exclusive Penthouse Ocean accommodations.
- **Project Coordination:** Worked closely with project stakeholders, suppliers, and delivery teams to align shipments with renovation schedules and installation requirements.
- **Island Logistics Expertise:** Navigated the complexities of delivering project cargo to Hawaii, ensuring materials arrived efficiently and according to project timelines.
- **End-to-End Logistics Support:** Oversaw FF&E logistics from origin, warehousing and staging, to final delivery, helping create a seamless supply chain solution for the renovation project.
- **FF&E Transportation Management:** Coordinated the movement of furnishings, fixtures, and specialty items required for the luxury guest room transformation.
